

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Elaine Yang (reg. no. 60,054) on 12/31/08.

The application has been amended as follows:

Claims 20-30 and 47-49: (Canceled)

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The closest prior art (US 6,829,759 to Davis) teaches identifying a first cross-reference in an input description; identifying a second cross-reference in an output description that matches the first cross-reference and displaying text segments associated with the first and second cross references together on a display.

The closest prior art does not teach or suggest the identification of a matching second cross-reference comprises searching a set of cross-references included in a textual description of the output document for an identifier which matches a cross-reference in a set of cross-references included in a textual description of the input document.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason Mitchell whose telephone number is (571)272-3728. The examiner can normally be reached on Monday-Thursday and alternate Fridays 7:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Bullock Lewis can be reached on (571) 272-3759. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
